**FIRE CHIEF REPORT:** (As per written report)

**TRAINING OFFICER REPORT:** (As per written report)

C Penelope Bahr asked why the Fire Chief’s Association would contest the F.R.s being sent down to Victoria for testing? The Training Officer replied the cost, there is travel time, fuel, paying the FF’s, rather than continue doing the testing in-house.

E The Chair also noted that even though there was a Point of Order on this topic that the Chair has decided to allow the discussion to continue (she explained the rules behind this decision.)

F The Chair asked for votes to allow this topic to be discussed, topic passed with four Trustees agreeing.

A lengthy discussion ensued with the following topics being brought up:

C Has a political spin to it.

D Spent hours on the phone to the local and provincial government to find out how this acknowledgment got started, no one knows.

E The GFPID's role is overseeing the fire department not political, can re-visit this when the Federal and Provincial governments have made a decision.

F Have First Nation friends who say this acknowledgment makes the people saying it feel better, not the First Nations.

G Have served the country for 41 years on all three coasts, this is not meant to be disrespectful, just don't believe the District should be going there.

H This land has been occupied by humans for a long time.

I This is not taking anything away from the Fire Department it's a sign of respect.

J Not taking sides.

K A lot of organizations do this.

Penelope Bahr moved that the Gabriola Fire Protection Improvement District open all their meetings with "The GFPID acknowledges that we are gathering within the traditional lands of the Snuneymuxw Nation", seconded by Sean Lewis, carried.

Mark Noyan moved that the meeting be adjourned, seconded by John Moeller, carried.

Meeting adjourned at 6:15 p.m.
